Explanation

A gentle start and similar instructions for both classes here, with Novices told what the numbers relate to. As stated in the Regs, a road number applies to all of that road, and doesn't mean that you have to pass the point where the road is numbered.

Also quite straightforward for Experts after spotting that it's road numbers to start with.

The route hugs the edge of the map as if the Clerk of the Course hasn't spotted the number of roads available on this map!
